

Centennial Meeting of the Ecological Society of America: Two Sessions

August 9-15, 2015, Baltimore MD

ORGANIZED ORAL SESSION (15 min talks)

Population Stabilization and Planetary Stewardship: Making Up For Lost Time

Thursday, August 13, 2015, 8:00 AM - 11:30 AM, Room 340, Baltimore Convention Center

Abstracts available at: <http://eco.confex.com/eco/2015/webprogram/Session10578.html>

Co-organizers:

Karin Limburg, State University of New York, Syracuse NY, klimburg@esf.edu

Jonathan Cole, Cary Institute for Ecosystem Studies, Millbrook NY, colej@caryinstitute.org

Moderator:

William Schlesinger, Cary Institute for Ecosystem Studies, Millbrook NY,
schlesingerw@caryinstitute.org

How to talk about population and the environment ... or should we talk about population at all?

Lessons from the last 50 years

Derek S. Hoff, University of Utah, Salt Lake City UT

Thomas Robertson, Worcester Polytechnic Institute, Worcester MA

Big, cold and full: Population politics and the environment in Canada

Madeline Weld, Population Institute Canada, Ottawa ON

David Schindler, University of Alberta, Edmonton AB

Big, dry and full: Population politics and the environment in Australia

Jenny Goldie, Sustainable Population Australia, Canberra, Australia

Christopher R. Dickman, University of Sydney, Sydney, Australia

The collision of population growth and wildfires in California

Jon E. Keeley, U.S. Geological Survey, Three Rivers CA

Alexandra D. Syphard, Conservation Biology Institute, La Mesa CA

Unraveling the science and politics of historical population-environment discourse in Israel

Daniel Orenstein, Technion-Israel Institute of Technology, Haifa, Israel

Growing, growing, gone: Chesapeake Bay and the myths of endless growth

Tom Horton, Salisbury University, Salisbury MD

If Raleigh bumps into Atlanta: Factors in 400 miles of vanishing open space

Roy Beck, NumbersUSA Education & Research Foundation, Washington DC

Leon Kolankiewicz, Scientists and Environmentalists for Population Stabilization, Arlington VA

Anne Manetas, NumbersUSA Education & Research Foundation, Washington DC

Why wait for the demographic transition? Changing attitudes and empowering women via entertainment mass media

William Ryerson, Population Media Center, Shelburne VT

What does a right to have kids really look like?

Carter Dillard, Animal Legal Defense Fund, Colati CA

Impacts of family planning on ecological change: Assessing the evidence

Robert Engelman, WorldWatch Institute, Washington DC

SYMPOSIUM (30 min talks)

Ecological Economics and Planetary Stewardship: Making Up for Lost Time

Thursday, August 13, 2015, 1:30 PM - 5:00 PM, Room 308, Baltimore Convention Center

Abstracts available at: <http://eco.confex.com/eco/2015/webprogram/Session10559.html>

Organizer:

Stuart Hurlbert, San Diego State University, San Diego CA, hurlbert@mail.sdsu.edu

Moderator:

David Schindler, University of Alberta, Edmonton AB, d.schindler@ualberta.ca

The energy crisis: Physics, ecology, and economics

James Brown, University of New Mexico, Albuquerque NM

John Schramski, University of Georgia, Athens GA

From the Big Bang to the Anthropocene: Economics as if science mattered

Jon D. Erickson, University of Vermont, Burlington VT

Peter G. Brown, McGill University, Montreal, Montreal QB

Population dynamics in neoclassical vs. ecological economics

Brian Czech, Center for the Advancement of a Steady State Economy, Arlington VA

Update on an environmental impact statement for U.S. immigration policy

Leon Kolankiewicz, Scientists and Environmentalists for Population Stabilization, Arlington VA

Putting human population growth and attendant consumption back on the radar screen: A fisheries perspective

Karin E. Limburg, State University of New York, Syracuse NY

Robert M. Hughes, Annis Opes Institute & Oregon State University, Corvallis OR

Population growth and sea-level rise on a collision course in Florida: Consequences for biodiversity and ecosystem services

Reed Noss, University of Central Florida, Orlando FL

Joshua S. Reece, Valdosta State University, Valdosta GA

Thomas Hctor, University of Florida, Gainesville FL

Michael Volk, University of Florida, Gainesville FL

Jon Oetting, Florida Natural Areas Inventory, Tallahassee FL

Paul D. Zwick, University of Florida, Gainesville FL

Margaret Carr, University of Florida, Gainesville FL

Panel Discussion, David Schindler, Moderator
