

AMERICA'S ANCHOR BABY PROBLEM IS BALLOONING OUT OF CONTROL!

**AS MEMBERS OF NEGATIVE POPULATION GROWTH,
WE DEMAND CONGRESS ACT TODAY AND PASS H.R. 140.**

The ever-increasing stream of foreign women coming to the U.S. to have their babies who automatically become U.S. citizens must come to a halt. This once generous policy is currently being abused to the hilt by individuals running “birth tourism” hotels and those paying tens of thousands of dollars to “buy” one of the most valuable things in the world: U.S. citizenship.

It's time for Congress to act immediately to enact H.R. 140 to limit automatic birthright citizenship only to children born in the U.S. who have at least one parent who is a U.S. citizen, a lawful permanent resident, or an immigrant performing active service in the U.S. armed forces.

Recent polls show that the majority of Americans favor changing the current anchor baby policy. Those who fight to protect this system are only working against the long-term interests of our nation. We must do everything possible to fix any and all laws which foster more immigration and lead to future economic, social and environmental chaos fed by massive population problems.

**STOP THE ABSURDITY.
REFORM AMERICA'S ANCHOR
BABY POLICIES TODAY!**
