

DECLARATION TO AMERICA'S ELECTED LEADERS

Dear Elected Leaders:

Our nation today is locked in the grip of political correctness and cowardice which has led to disastrous immigration decisions that ignore the will of the American people. Unchecked immigration and soaring, unsustainable population numbers have set our country on the path to social, economic, and environmental chaos.

As concerned Americans we will no longer remain silent!

We stand united in our demand that you make resolution of our nation's immigration crisis a top priority. We also call on you to personally work to enact a positive reform agenda that will enforce present immigration laws, stop all efforts to grant amnesty/citizenship to the 13 million illegal aliens presently in our country, strengthen our borders, pass legislation that will address outdated immigration policies, and enact strict limits on future immigration to ensure a sustainable population for our nation in the future.

Please decide today that you will no longer continue to let our nation's immigration crisis be ignored and grow worse. Reject the demands of the open-border lobby and stand with dedicated, tax-paying citizens to enact future immigration laws which best serve the interests of all Americans. Thank you.
