

NPG PROUD DECLARATION

Dear Member of Congress,

As an American citizen who believes that the future of our nation demands strong and effective immigration laws, I am not willing to cower to the demeaning name-calling of those who seek to destroy America's immigration policies. Toward that end, I am **PROUD to stand with NPG** as we work together to:

- Ensure the effective enforcement of all current immigration laws
- Strengthen our nation's borders
- Deny amnesty for millions of illegals living in our country
- Protect and expand the Immigration and Customs Enforcement agency (ICE)
- Block the expansion of sanctuary cities
- Reduce the number of legal immigrants allowed to enter our country

Today, I join with thousands of additional NPG members and concerned Americans in demanding that Congress act immediately to fix our nation's broken immigration system. We must replace it with responsible, effective, common sense laws and policies that will slow, halt, and eventually reverse population growth and put our nation on a responsible path.
